

### History

In term 4 we will be focusing on a famous person who has made a significant impact on the UK. The person we chose to focus on is Queen Elizabeth Second. We will be learning about her role as the Queen and the significance of her coronation.

### Geography

This term we have been exploring our local community. We have been talking about the different types of roads, houses and parks that make up Coley Park community. We are also investigating other buildings we have in this community such as shops, a church, a hospital and the community centre. It is important for children to understand that this community is only a small part of a much bigger city, Reading.

### Science

In term 4 we will still be looking at the weather and tracking the weather as we move from winter to spring. The children will be learning how to read a thermometer to tell the temperature.

### ICT

This term we will be learning about coding. The children will learn the meaning of coding words such as input, output and algorithm.

## Term 4

### Design and Technology

This term children will be making a model of our neighbourhood, Coley Park. They will be using junk modelling supplies to build the different buildings and landmarks that they see in our community.

### Art

In term 4 we will be making some paper art to show scenes from different seasons. Children will experiment with different ways to tear and rip paper to get the shapes they want for the pictures.

### Religious education

The focus in term for is the Easter story. We will be learning about the importance of Easter and discuss why we still celebrate it today.
